PEL 103 Promo Ref.
P01299970

PEL 103 power & energy logger with all its accessories...

It's got everything, from logging to report generation!

Check the quality of your electrical installation and reduce your energy spending

- **Three-phase logger** (voltage / current / power)
- **Real-time remote display** of your measurements via Ethernet
- **Data logging on SD card:** up to several months' recording
- **Compatible with all electrical networks**
- **Compact and magnetized** for mounting on metal cabinets
- **Practical:** implementation of the PEL 103 without cutting off the network
- **Useful:** supplied with 3 MiniFlex® MA193 sensors for measurements up to 10,000 A

FREE

+1 adapter for power supply via the phase

FREE

+4 magnetized test probes

FREE
+1 android tablet

*8" - 16 GB Android tablet

DataView® software
Your ideal partner for managing and processing your data!

- Configuration of your PEL with just a few clicks
- Recovery of measurement data
- Report generation
- Database management and backup

THERMOGRAPHY PACK

CA 1950 thermal camera

A design that's ready for anything!

Ideal for all your thermal inspections:
electrical network and building

DiaCAM²

- **Practical:** battery life of up to 13 hours
- **High performance:** focus-free with 20°x20° field of view
- **Fast:** starts up in 3 seconds
- **Rugged:** withstands falls from up to 2 m
- **Functional:** possibility of voice annotations
- **Ergonomic:** one-handed use
- **Power supply:** 4 NiMH rechargeable batteries
- **CamReport report generation software** included

CHAUVIN ARNOUX Group

MEASUREMENT EXPERTS

Founded in Paris, France, in 1893, Chauvin Arnoux has succeeded over the centuries in developing its expertise in the design, manufacture and commercialization of measuring instruments for professionals.

From portable instrumentation to fixed electrical equipment and energy performance solutions, from mastery of the entire thermal process chain to industrial metrology, the Chauvin Arnoux Group's offering meets the whole range of customer requirements, whatever the sector (electrical contractors, industry, administration, nuclear, agri-food, chemicals, pharmaceutical, etc.).

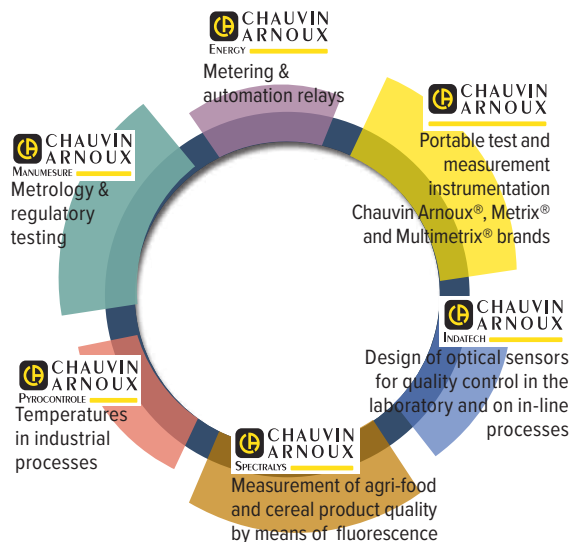

A few figures

- 100 million euros in sales revenues
- 10 subsidiaries worldwide
- 1,000 staff
- 8 production sites
- 7 R&D centres worldwide
- 11% of revenues invested in R&D
