

Safety Data Sheet

Version 00 dated 10/05/2016

1. Identification of the substance/mixture and the company/group

Designation:	Buffer pH 7.00 trac. NIST
Description:	Buffer pH 7.00±0.02 (25°C), colored
Product code:	P01700107
Producer/Manufacturer:	Manumasure 8 avenue du docteur Schweitzer 69 330 Meyzieu FRANCE Tel. +33 (0)4 37 45 05 68
Emergency information:	Institut National de Recherche et de Sécurité, I.N.R.S. Tel. +33 (0)1 45 42 59 59

2. Hazards identification

Classification of the mixture: the mixture is not classed as hazardous in the sense of directive 1999/45/CE.

3. Composition/information on ingredients

Composition:
Aqueous mixture

Ingredient name	Concentration (p/p)	N° CAS	N° CE	Classification as per 1999/45/CE directives
Potassium dihydrogen phosphate	~ 0.3 %	7778-77-0	213-913-4	Not classified
Disodium phosphate	~ 0.4 %	7558-79-4	231-448-7	Not classified

Hazardous substance:

This product is not hazardous but contains a sensitizing agent (cutaneous and respiratory) and irritant agent (ocular irritant).

4. First aid measures

4.1 Description of first aid:

General indications:	Remove soiled clothing.
After inhalation:	Allow to breathe fresh air.
Skin contact:	Wash immediately and abundantly with water.
Eye contact:	Rinse immediately and thoroughly with water or eyewash.
After ingestion:	Rinse out mouth with water and then give water to drink

If there is any trouble seek medical help.

4.2 Main acute and delayed symptoms and effects:

No known effect.

4.3 Indication of any immediate medical care and specific treatments necessary:

Treat symptomatically

5. Fire-fighting measures

5.1 Extinguishing media:

Suitable extinguishing media:	Use extinguishing appliances which are suitable for the local conditions and environment. The product does not burn.
Unsuitable extinguishing media:	No limitation.

5.2 Specific hazards arising from the substance or mixture:

In the event of fire, hazardous fumes are emitted.

Other indications:	Non-combustible products.
---------------------------	---------------------------

6. Accidental release measures

6.1 Personal precautions:

- For first-aid workers:** Provide the clean-up teams with appropriate protection.
Air the zone.
- For non-first-aid workers:** Non-essential staff should be moved to a different area.

6.2 Environmental precautions:

Do not dispose of the product in surface water or drains.

6.3 Method and equipment for confinement and cleaning:

Contain the spillage and use inert solids such as clay or diatomaceous earth to absorb it.

6.4 References to other sections:

See Part 8. exposure control / personal protection.

7. Handling and storage

7.1 Hazard-free handling precautions:

- Instructions:** Avoid contact with the eyes (wear safety spectacles) or skin (wear a lab coat or overalls).
Do not inhale the vapour.
Wash hands after handling.

7.2 Safe storage requirements, including any incompatibilities:

- Storage:** Store only in the original recipient in a cool, well-ventilated place (20 to 25°C).
Store away from strong bases and acids and keep out of direct sunlight.
Do not store at low temperature (under 15°).

8. Exposure controls/personal protection

8.1 Control parameter

Does not contain substances with occupational exposure limits.

8.2 Personal protective equipment

- General protective and hygienic measures:** Keep away from foodstuffs.
Immediately remove soiled or damp clothing.
Wash your hands before breaks and after work.
Store the protective clothing separately.
Avoid any contact with the skin or eyes.
- Eye protection:** Wear safety glasses with side protection.
- Hand protection:** Wear safety gloves.
Glove material resistant to Category III butyl rubber or nitrile rubber. The choice of appropriate gloves is not just a question of the material, but also of other quality criteria which may vary between manufacturers.
- Body protection:** Protective work clothing.

9. Physical and chemical properties

General indications:

- Form:** Clear liquid
Colour: Colourless
Odour: Odourless
pH value(at 25°C) : 7.00

Change in condition:

- Melting point:** Not applicable
Boiling point: 100°C

Ignition temperature: Not applicable

Inflammability: The substance is not inflammable

Explosion hazard: The product is not explosive

Oxidizing properties: No data available

Solubility in other solvents: No data available

10. Stability and reactivity

Reactivity: No known hazardous reactions

Chemical stability: Chemically stable product

Conditions to avoid: Extreme temperatures and direct sunlight

Incompatible materials: No data available

11. Toxicological information

Acute toxicology:	No information is available on the product itself
Irritation and corrosivity:	May cause irritation of the eyes and skin
Sensitizing effects:	No known effects
Specific toxicity for target organ/ single exposure:	The mixture is not classified as specifically toxic for a target organ after a single exposure
Serious effects due to repeated or prolonged exposure:	The mixture is not classified as specifically toxic for a target organ after repeated exposure
CMR effects (carcinogenic, mutagenic or toxic to reproduction):	No known CMR effects
Additional information:	Handle this product with the usual precautions recommended for chemicals

12. Ecological information

Toxicity:	No information is available on the product itself
Persistence and degradability:	No information is available on the product itself
Bioaccumulative potential:	No data available
Mobility in soil:	No data available

13. Disposal considerations

Recommendation:	Waste disposal is regulated by the competent regional services. Please contact the competent services (waste-disposal authority or company) who will tell you what measures to take for disposal.
Uncleaned packaging:	Dispose of waste as for an unused product.

14. Transport information

Land transport:	Not subject to transport rules.
River transport:	Not subject to transport rules
Maritime transport:	Not subject to transport rules
Air transport:	Not subject to transport rules
Environmental hazard:	No

15. Regulatory information

Chemical safety assessment:	No chemical safety assessment has been performed.
------------------------------------	---

16. Other information

Document version information:	
Creation date:	10/05/2016
Revision date:	/
Reason for revision:	not applicable

The information provided in this document is considered accurate at the time of printing. Despite the care taken to produce the document, no liability shall be accepted in the event of damage or accident resulting from its use.
